Quaid-e-Azam Muhammad Ali Jinnah

Founder of The Islamic Republic of Pakistan

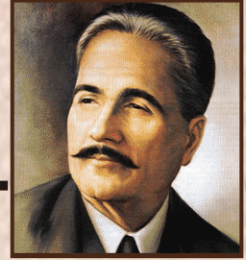

I think we can safely claim that we have organized the Musalmans fairly well politically in the department of economics; however, we are at the zero point. I am sure your deliberations will be in the directions of awakening the commercial and industrial consciousness of the Muslim nation.

There are some people who say that the Pakistan areas are more or less devoid of mineral resources and that economically we shall not be able to exist. I do not accept one view or the other in its exaggerated form. All that I can say as a layman is that Pakistan will not be bankrupt; it will be a powerful state. Address, AIML Planning Committee, Arabic College, New Delhi, 5 November 1944.

Dr. Muhammad Allama Iqbal

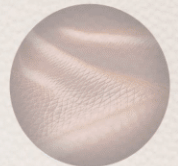

Spiritual Father Of Pakistan

I would like to see the Punjab, North-West Frontier Province, Sindh and Baluchistan amalgamated into a single State. The formation of a consolidated North-West Indian Muslim State appears to me to be the final destiny of the Muslims.

Presidential address 1930, Allahabad

Allama Iqbal (November 9, 1877 - April 21, 1938), widely known as Muhammad Iqbal, was a poet, philosopher, politician, as well as an academic barrister and scholar in British India who is widely regarded as having inspired the Pakistan Movement. He is called the "Spiritual Father of Pakistan". He is considered one of the most important figures in Urdu literature, with literary work in both Urdu and Persian.

We pride ourselves at working only from locally sourced and sustainable raw skins; this has been our foundation for over seventy years.

Tanned leather then goes for dyeing, fat-liquoring and drying. This dyed leather is carefully selected and ultimately goes for finishing as per the customers' Requirements. The whole process is done under one-roof.
